The following rule is created: Rule 253. Integrated Resource Planning. This rule is proposed in order to give the Commission a more formalized process for requiring the filing of integrated resource plans, in some cases, and reviewing such plans. The Commission has also proposed guidelines for the review of the integrated resource plan which will not be part of Section 253.

The Commission welcomes all comments and suggestions on this created rule and regulation. Notice of Intent to Adopt Rules and Regulations

Docket No. 90000-102-XO-08 (Record No. 11687) The Wyoming Public Service Commission (Commission) intends to amend Chapter V, Section 500 of its Procedural Rules and Special Regulations. Specifically, the amendment would revise subsection (j), subsection (p) and create a new subsection (r) within Section 500. The amended rule is proposed for adoption pursuant to the rule making authority of the Commission and W.S. § 37-15-401.

For additional information contact Chris Petrie at (307) 777-5763.

The primary reason for the proposed amendment is to provide telecommunications companies designated as Eligible Telecommunications Carriers a process to propose diversion of some federal Universal Service Fund support from customer bill credits to specific construction projects or equipment upgrades, while subsidizing the costs of such authorized projects or upgrades through an increase in the Wyoming Universal Service Fund assessment. Such diversions would be subject to Commission approval under the proposed amended Section 500. This amendment to Section 500 was proposed by Qwest Corporation (Qwest) to facilitate telecommunications service quality improvements, including implementation of a capital expenditure proposal by Qwest in Docket No. 90000-96-XI-07, an investigation into the quality of telecommunications services in the Lander-Riverton Wind River Indian Reservation area.

Written objections, comments and suggestions regarding these proposed amendments to Section 500 may be submitted by any person or entity. Written submission must be received by the Commission no later than **May 18, 2009**. Copies of the proposed rules are available at the Commission's offices in Cheyenne, upon request, or on the Commission's web site at <http://psc.state.wy.us> under the "Hot Topics" link.

A public hearing will be held in the Commission's offices at 2515 Warren Avenue, Suite 300, in Cheyenne on **May 27, 2009**, commencing at 9:00 a.m.

If you wish to present your views at the hearing on May 27, 2009, and you require reasonable accommodation for a disability, contact the Commission at (307) 777-7427 (Voice or TTY) in Cheyenne during regular business hours or write to them at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002, to make arrangements. Communications impaired persons may contact the Commission by accessing Wyoming Relay (TTY) by dialing 711. Please mention Docket Number 90000-102-XO-08.

Any person may urge the Commission not to adopt the rules and also request the agency to state its reasons for overruling the consideration urged against adoption. Such request must be made no later than thirty days after adoption of the rules, addressed to: Christopher Petrie, Chief Counsel, Public Service Commission of Wyoming, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002.

Notice of Intent to Adopt Rules and Regulations

Docket No. 90000-102-XO-08 (Record No. 11687) The Wyoming Public Service Commission (Commission) intends to amend Chapter V, Section 500 of its Procedural Rules and Special Regulations. Specifically, the amendment would revise subsection (j), subsection (p) and create a new subsection (r) within Section 500. The amended rule is proposed for adoption pursuant to the rule making authority of the Commission and W.S. § 37-15-401.

For additional information contact Chris Petrie at (307) 777-5763.

The primary reason for the proposed amendment is to provide telecommunications companies designated as Eligible Telecommunications Carriers a process to propose diversion of some federal Universal Service Fund support from customer bill credits to specific construction projects or equipment upgrades, while subsidizing the costs of such authorized projects or upgrades through an increase in the Wyoming Universal Service Fund assessment. Such diversions would be subject to Commission approval under the proposed amended Section 500. This amendment to Section 500 was proposed by Qwest Corporation (Qwest) to facilitate telecommunications service quality improvements, including implementation of a capital expenditure proposal by Qwest in Docket No. 90000-96-XI-07, an investigation into the quality of telecommunications services in the Lander-Riverton Wind River Indian Reservation area.

Written objections, comments and suggestions regarding these proposed amendments to Section 500 may be submitted by any person or entity. Written submission must be received by the Commission no later than **May 18, 2009**. Copies of the proposed rules are available at the Commission's offices in Cheyenne, upon request, or on the Commission's web site at <http://psc.state.wy.us> under the "Hot Topics" link.

A public hearing will be held in the Commission's offices at 2515 Warren Avenue, Suite 300, in Cheyenne on **May 27, 2009**, commencing at 9:00 a.m.

If you wish to present your views at the hearing on May 27, 2009, and you require reasonable accommodation for a disability, contact the Commission at (307) 777-7427 (Voice or TTY) in Cheyenne during regular business hours or write to them at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002, to make arrangements. Communications impaired persons may contact the Commission by accessing Wyoming Relay (TTY) by dialing 711. Please mention Docket Number 90000-102-XO-08.

Any person may urge the Commission not to adopt the rules and also request the agency to state its reasons for overruling the consideration urged against adoption. Such request must be made no later than thirty days after adoption of the rules, addressed to: Christopher Petrie, Chief Counsel, Public Service Commission of Wyoming, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002.

The proposed rule changes meet minimum substantive statutory requirements.
