

BEFORE THE PUBLIC SERVICE COMMISSION OF WYOMING

**NOTICE
REGARDING REVISED PRACTICE FOR
PUBLIC NOTICE OF CERTAIN TELECOMMUNICATIONS COMPANY
FILINGS**

The Wyoming Public Service Commission (Commission) has determined that sufficient public notice of certain telecommunications notices may be provided by publication through the Commission's subscription email distribution system, commonly referred to as "Govdelivery." Notices that may be published in this manner, without publication by newspaper or other means, include notices of proceedings and actions affecting wholesalers, resellers, and other telecommunications providers, but will not include those affecting residential or commercial telecommunications customers. Examples of notices published via "Govdelivery" would include access tariff revisions and interconnection agreement filings.

To ensure your receipt of such published notices please subscribe to Govdelivery by entering your email address at the bottom of this page: <http://psc.state.wy.us/> and adjust any email filters accordingly.

Please contact Melisa Mizel, Lori Brand, or Chris Petrie at (307) 777-7427 for additional information.
