

PUBLIC NOTICE

The Wyoming Public Service Commission (Commission) approved the Amended Application of Frannie Deaver Utilities (Frannie Deaver or Company) for authority to revise its Commodity Balancing Account (CBA) tariff and pass on a net increase in the total purchased gas cost in the amount of \$0.4247 per Mcf, to be effective for the three-month period of July 1 through September 30, 2018. The proposed increase is attributable to an increase of \$0.3010 per Mcf in the purchased gas cost and a decrease of \$0.1237 per Mcf in the CBA Amortization credit, based on an over-collected balance of \$4,366 through March 2018. The Commission's approval of Frannie Deaver's Amended Application is subject to notice, protest, intervention, refund, change, further investigation, opportunity for hearing, and further order of the Commission.

The average residential customer using a monthly average of 2.9 Mcf for July 1 through September 30, 2018, may expect a monthly gas bill increase of approximately \$1.23, or about 3.86%, before taxes. Actual bills will vary with usage.

The proposed retail rate increase will result in a projected dollar-for-dollar increase in the Company's July 1 through September 30, 2018, revenues of approximately \$1,635. The increase does not change the Company's authorized rate of return.

Commission Rule Chapter 3, Section 26 allows a utility to pass on to its customers known or projected commodity cost increases or decreases on a dollar-for-dollar basis, subject to public notice, opportunity for hearing and refund.

Frannie Deaver's Amended Application is on file at the Commission's offices, located at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming, and at the Company's offices located in Frannie, Wyoming. The Amended Application is available for inspection by any interested person during regular business hours or online at: <http://psc.state.wy.us/>.
