

## PUBLIC NOTICE

The Wyoming Public Service Commission (Commission) approved the Application of Questar Gas Company d/b/a Dominion Energy Wyoming (Dominion Energy or Company) for authority to decrease the non-gas cost component of the rates for its Wyoming General Service (GS) customers by \$0.00243 per dekatherm (Dth) to more accurately amortize the Company's Demand Side Management/Energy Efficiency Services (DSM/EES) deferred account balance of \$170,133. Dominion Energy proposes to amortize the ending balance over the projected November 1, 2017, through October 31, 2018, weather-normalized GS volumes, which results in the surcharge decreasing from \$0.04617 per Dth to \$0.04374 per Dth, a decrease of \$0.00243 per Dth, to be applied to all GS customers' weather-normalized monthly usage.

A typical GS residential customer using 90 Dth per year can expect to see a decrease of \$0.25 or 0.03%, before taxes, in annual gas bills. Actual bills will vary with usage. The approved decrease is effective for usage on and after November 1, 2017.

Dominion Energy's Application is on file at the Commission's offices, located at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming, and at the Company's business office, located at 1005 D Street, Rock Springs, Wyoming. The Application is available for inspection by any interested person during regular business hours or online at: <http://psc.state.wy.us/>.
