

## PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Rules, the Commission hereby gives notice of the application of Black Hills Gas Distribution, LLC d/b/a Black Hills Energy (BHE or the Company), for authority to revise the Fuel, Lost and Unaccounted for Gas Percentages (FL&U) in all of its Divisions, as more fully described below.

BHE is a natural gas public utility as defined by W.S. § 37-1-101(a)(vi)(D), subject to the Commission's jurisdiction pursuant to W.S. § 37-2-112.

On March 1, 2017, BHE filed an annual application requesting approval to revise its FL&U gas percentages as directed by the Commission. The Company seeks to [i] increase the percentage to mainline customers in its Casper Division; [ii] decrease the percentage to the distribution transportation customers in its Casper Division; [iii] decrease the percentage to the Choice Gas Program in its Casper Division; [iv] increase the percentage to storage injection in its Casper Division; [v] increase the percentage to the distribution transportation customers in the Gillette Division; [vi] decrease the percentage for reconciliation for the Choice Gas Program suppliers in the Gillette Division; [vii] increase the percentage to the distribution transportation customers in the Torrington Division; and [viii] decrease the percentage for reconciliation for the Choice Gas Program suppliers in the Torrington Division. Each increased or decreased FL&U percentage would apply to BHE's Casper, Gillette or Torrington Divisions for the current Choice Gas program year, June 1, 2017, through May 31, 2018.

The Company's proposed FL&U percentages for the Casper Division are [i] 0.554% for mainline system interconnect and mainline system end-users, [ii] 1.542% for Distribution End-Users, [iii] 0.554% for Mainline Transportation – Choice Gas Program, [iv] 3.403% for Storage Injection – Choice Gas Program and [v] 1.054% for Choice Gas Program Supplier FL&U Reconciliation process. The Company's proposed FL&U percentages for the Gillette Division are 3.244%, for Distribution System End-Users and 3.576%, for Choice Gas Program Supplier FL&U Reconciliation Process. The Company's proposed FL&U percentages for the Torrington Division are 0.264%, for Distribution System End-Users and 0.000% for Choice Gas Program Supplier FL&U Reconciliation Process. These figures would replace the current FL&U percentages approved in Docket No. 30022-264-GA-16.

This is not a complete description of the application. Interested persons may inspect the application at the Commission's offices in Cheyenne, Wyoming, and at any BHE office located in Casper, Gillette or Torrington, Wyoming.
